**“What is God Like?” Part Two- God is Present**

John 11, Ezekiel 48, John 7  
Arlen Nagata - July 22, 2018

Do you have a story about how God was with you?

Have you wrestled with doubt about God's presence?

How does your perspective affect your reaction to life's circumstances?

John 11

Do you relate more with Martha or Mary?

When Jesus asked if Martha believed in the resurrection, was he looking for a verbal answer or more?

Was it just Mary's crying that moved Jesus' spirit or something more?

There a difference between God's presence and His manifestation.

What do you do to “sit at Jesus' feet” and learn from him?

What could happen in Kapolei and the world if we learn to carry the presence of God?

Jehovah Shammah — God Is Present

Ezekiel 48:35- is a prophecy about a time when the Lord will be with his people. I believe we are living in that time. Ezekiel 47 describes the water (Holy Spirit) that brings life to dead places and brings healing to the land.

Matthew 28:20- as Jesus and to heaven he promised to always be with us.

John 7- Jesus describes the living water of the Holy Spirit which will flow from within those who believe.
